

SCHEDULE 953 – WINTER INCENTIVE RATE

AVAILABILITY

This schedule will be in effect from 10/1/2024 – 3/31/2025 and supersedes the rates in Schedules 100, 200, 800, and 810 as outlined below for eligible customers for energy consumption above the amounts provided in this Schedule.

BASE CHARGE

For all kWh energy consumption over the Eligibility Amount per billing month from 10/1/2024 – 3/31/2025, in lieu of the applicable Base Energy charge, the Energy Charge per kWh during the billing month shall be:

Winter Incentive Rate -- Energy (\$/kWh) \$0.06

ELIGIBILITY

<u>Rate Class</u>	<u>Eligibility Amount</u>
Schedule 100 Residential	Over 1,000 kWh/billing month
Schedule 200 General Service	Over 2,000 kWh/billing month
Schedule 800 Large Power	Over the greater of 25,000 kWh/billing month or Winter Maximum Use
Schedule 810 Seafood Processors	Over Winter Maximum Use

DETERMINATION OF WINTER MAXIMUM USE

Winter Maximum Use is the highest monthly kWh used during any billing month between October 1, 2023, and March 31, 2024.

GENERAL PROVISIONS

1. Eligible customers will continue to pay the applicable standard Energy charges for consumption up to the Eligibility Amount. Customers will still be responsible for paying any other applicable charges (e.g., Consumer charges, Demand charges) under the Schedule for the rate class.
2. Energy purchases under any Schedule not listed in the Eligibility section above, or under any special contract, are not eligible for the Winter Incentive Rate.
3. A surcharge shall continue to be applied to each billing for service under this schedule to reflect the cost of fuel purchased by the Cooperative. The Fuel Cost Adjustment surcharge is found within Section 952 of this Tariff. The Fuel Cost Adjustment surcharge is in addition to the Winter Incentive Rate.
